ABOUT US

With pioneering light design and meticulous execution as our forte, we leverage cutting-edge technologies to deliver sheer lighting brilliance and robust electrical engineering. Having successfully completed diverse projects across various industries, we have established ourselves as a trusted pioneer in the field of lighting solutions and electrical engineering.

Our work includes one of the most admired lighting projects in the country "Atal Setu" which is India's 3rd longest cable-stayed bridge. Over the last few decades, we have built our expertise, technology and team to be customer-centric. Predominantly we are in the business to revolutionize the world of lighting and electrical engineering, and to contrive our motto which is to **Be Bright, Be Bold, Be Brilliant.**

EXPERTISE
AWARDS

We are an ISO certified company with a BEE certified energy auditor. Our co-founder, Mr. Anurag Walawalkar is one of the few experts in heritage lighting in the country. He has also been recognized as one of India's top 500 CEO's. The recognition of India's Top 100 SMEs, India's most prestigious annual award for small and medium enterprises was presented to FPA based on their overall performance. FPA was also presented with the Honorary award for High Reputation 2022 by the Standard Chartered Rating GMBH (Germany), International Rating Association (Hong Kong), and IMA World Wide Inc. (USA).

LIGHTING

With more than two decades of expertise as pioneers in the industry, we have created a brilliant spectrum of lighting solutions to present our clients with innovative, efficient, safe and reliable technology.

Backed by an accomplished team, our innovtive lighting solutions are designed to function uninterruptedly which can be managed and controlled from anywhwere in the world. Every project we undertake is meticulously designed and mastered by our team of specialists right from inception to conceptualization, and from design to execution with periodic maintenance.

1

ILLUMINATION

A key infrastructure of any landscape or infrastructure projects is having the right illumination, this generates a vibrant ambience and sets the tone of your structure. Making illumination an integral part of your project's success with our optimized solutions where you focus on your business and we, on your physical visibility.

2

LIGHTING SERVICES

We strive to provide the highest standard of products and services to our clients and create solutions tailored not only to match but to maximize their operational outcomes. Our lighting services include consultancy, design, installation, support and auditing, ensuring you get the highest efficiency.

3

SENSORY EXPERIENCES

Our partnership with Laservision enables us to produce ground breaking visual impressions, creative concepts, immersive experiences and state-of-the-art production. Our light and sounds show will excite your senses and ignite your imagination.

LASERVISION

4

MULTIMEDIA SOLUTIONS

We have collaborated with Moment Factory, a multimedia studio specializing in the conception and production of immersive environments by combining video, lighting, sound and special effects to create a remarkable visitor experience that turn passing moments into once-in-a-lifetime experiences.

MOMENT FACTORY

5

LASER SOLUTIONS

Our partnership with Arctos Lasrer Technik enables us to distribute within India, the latest in laser show technologies, designed for the most demanding laser productions. Arctos solutions provide extremely rich color modulation and complete plug & play solutions for multimedia laser shows.

ARCTOS LASERTECHNIK

OUR SECTORS

- Industrial illumination and implementation of Power control centre at CommScope, Verna, Goa.
- Surveillance work and street lighting, Addu-City, Maldives.

BRIDGES
BE BRILLIANT

SHREE RAM SETU

Situated over the Irai River in Chandrapur, Maharashtra. FPA was tasked to enhance the dynamism and safety of this bridge by designing and executing a unique lighting system that not only highlights its accents but, also provides a unique experience for every visitor.

MONUMENTS
BE ROYAL

CHHATRAPATI SHIVAJI

Shivaji Park, Situated in Dadar-Mumbai is one of the conceptualised, designed and executed a multi-colour also, exquisitely highlights the pathways of various

PUBLIC SPACES
BE LIT

MAHARAJ PARK

largest and oldest parks in the city. We at FPA, tactfully
illumination system which not only lights up but
facets of Shri Chattrapati Shivaji Statue.

AUDITORIUM
BE ASSURED

BIRLA INSTITUTE OF TECHNOLOGY AND SCIENCE

Keeping with the tradition of innovation and creativity, BITS-Goa
has surrounded its campus with state-of-the-art facilities. To adhere
with this tradition, team FPA was chosen to electrify and warmly
illumunate their hi-tech auditorium room to provide a complete
optimized solution.

SHRI NAVDURGA TEMPLE

Dedicated to the goddess Navdurga in the city of Ponda-Goa was built in 16th century. Team FPA was earmarked to delicately revamp the illumination that would enhance the essence of worship and highlight its rich heritage.
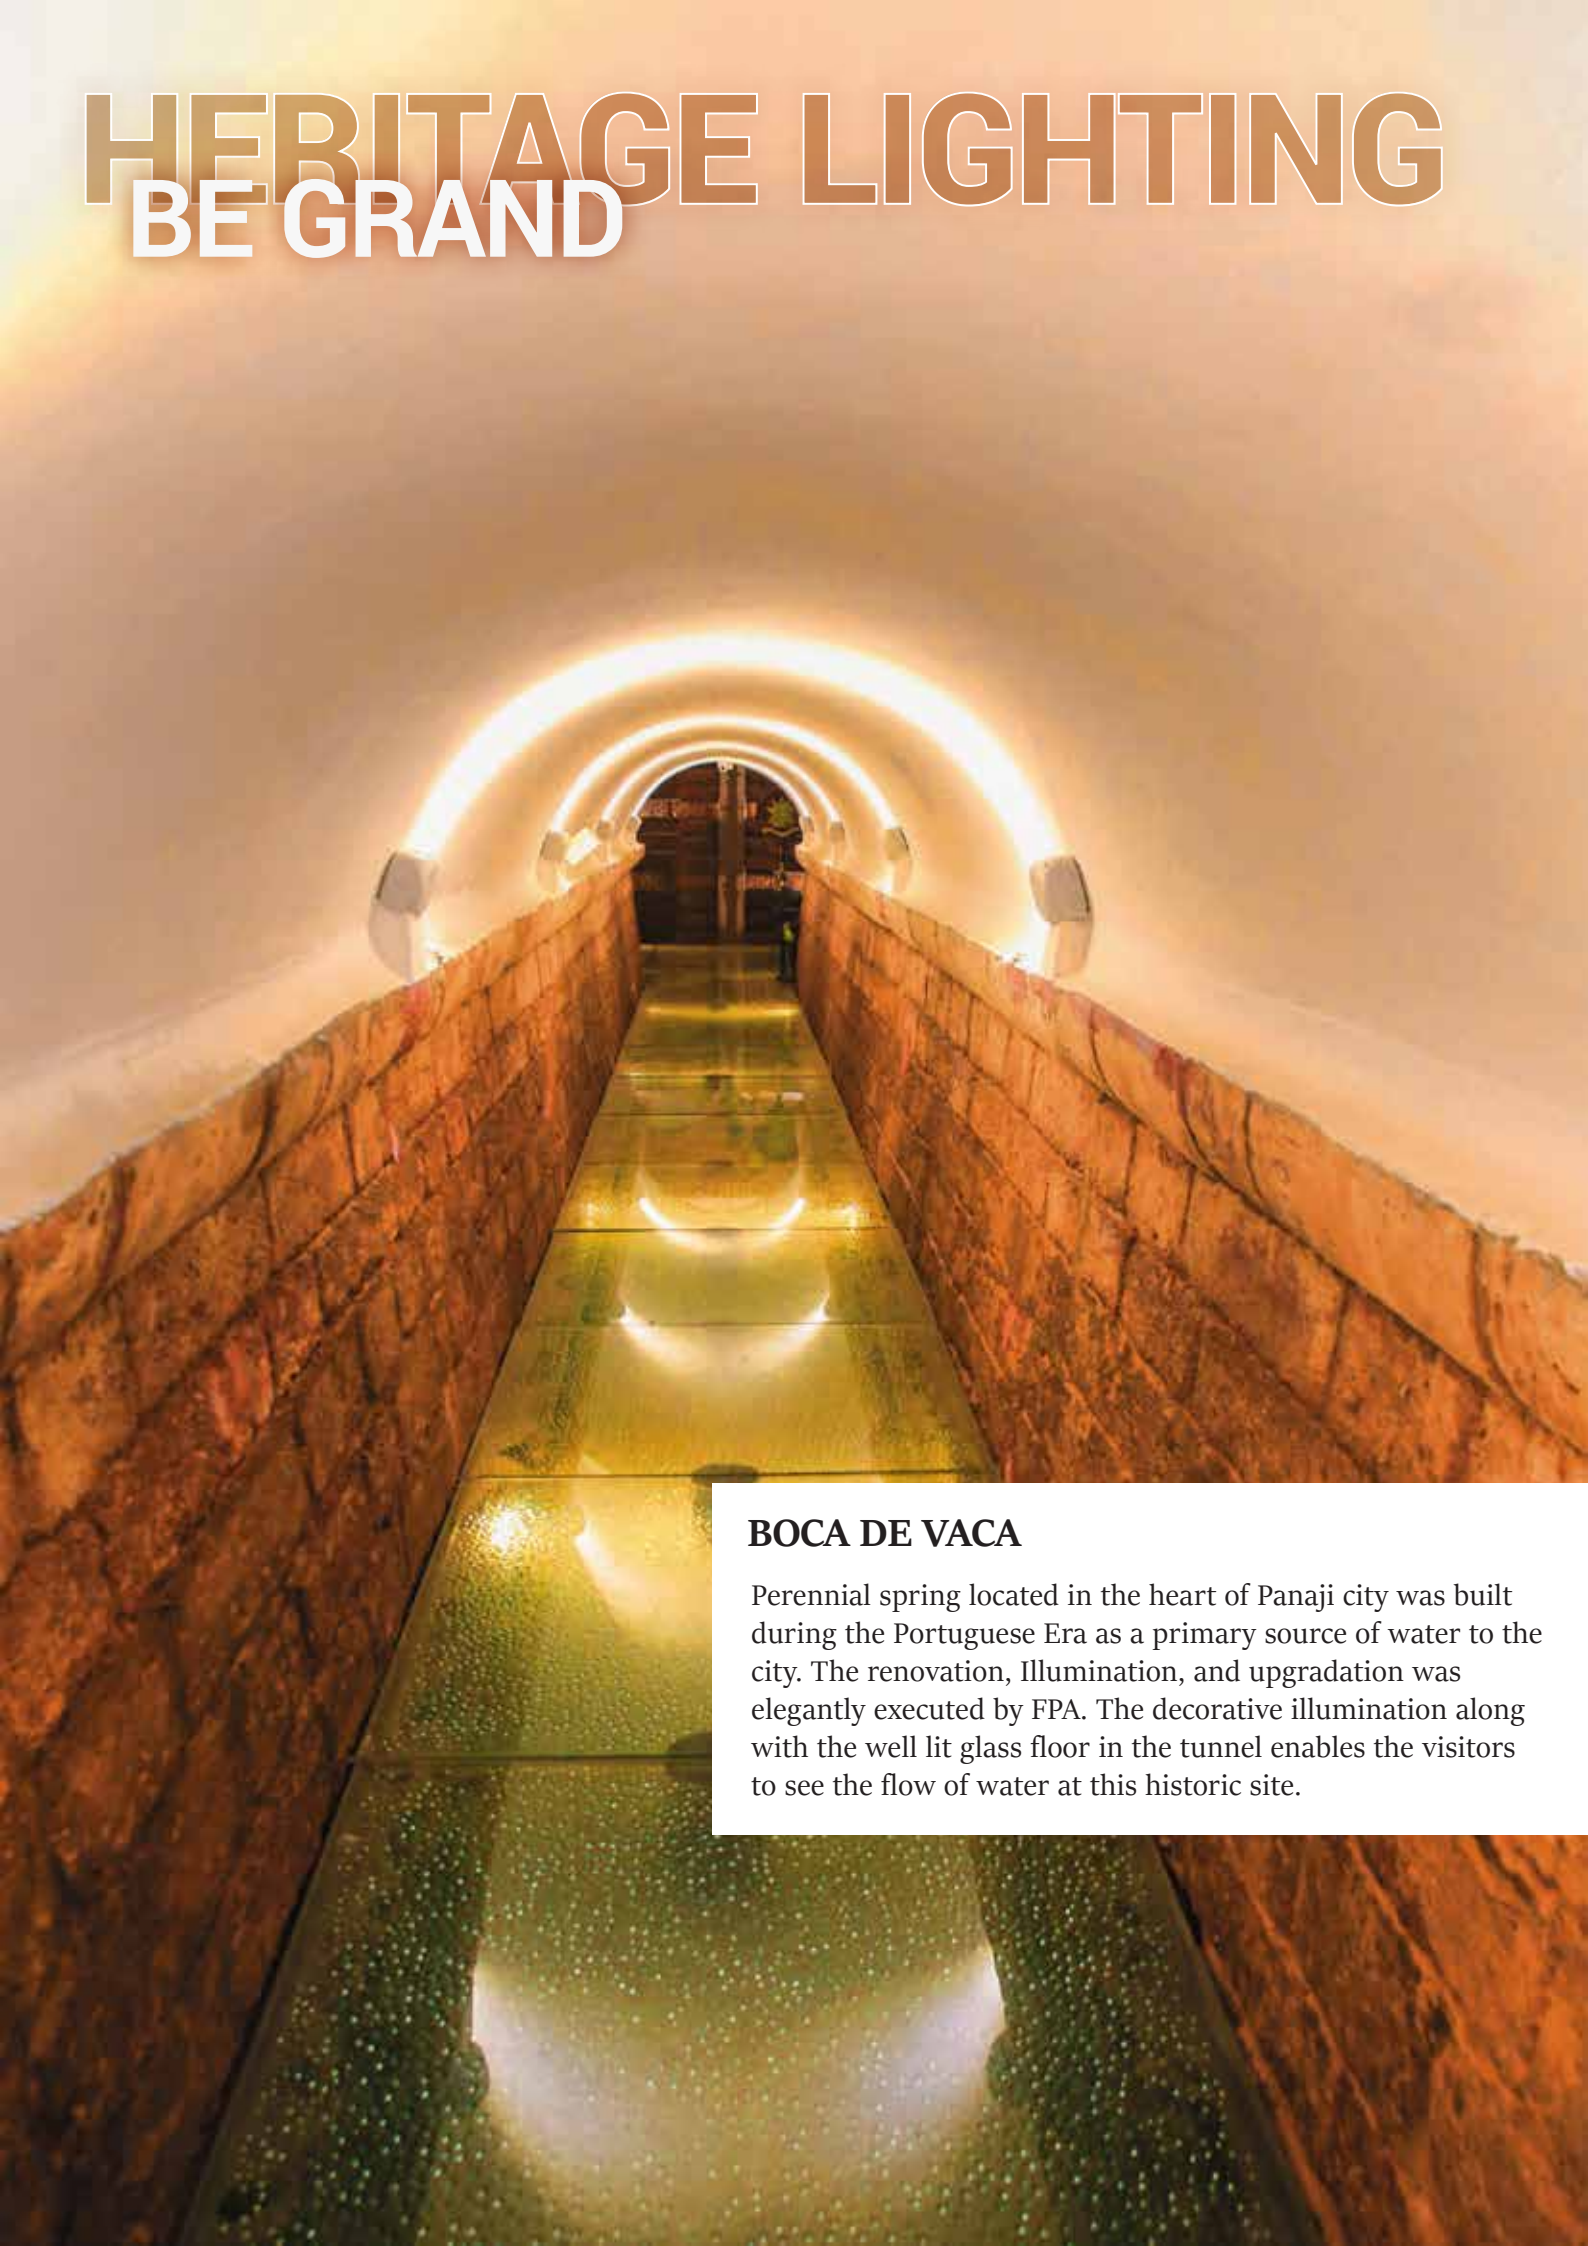

HOUSE OF WORSHIP
BE INSPIRED

BE BOLD

OFFICE OF THE CHIEF MINISTER

"Mantralaya" the newly restored ministerial block of the Goa secretariat, was tastefully designed by FPA to equip the state's chief minister with cutting-edge technology. Our illumination not only enhances the aesthetic appeal of this office, but it also contributes to the functionality.

HERITAGE LIGHTING
BE GRAND

BOCA DE VACA

Perennial spring located in the heart of Panaji city was built during the Portuguese Era as a primary source of water to the city. The renovation, Illumination, and upgradation was elegantly executed by FPA. The decorative illumination along with the well lit glass floor in the tunnel enables the visitors to see the flow of water at this historic site.

BE AMAZED

AVAATARA RESORT

Surrounded by acres of lush greenery and sweet birdsong, Avaatara is a world of comfort rooted in nature. FPA was delighted to provide a pleasing and appealing illumination, along with electrical, and surveillance solutions to this contemporary, eco-sensitive resort in this beach serene state of Goa.

INDUSTRIAL SPACES
BE EFFICIENT

COMMSCOPE

Goa is a prominent location in CommScope's global manufaturing and distribution network, known for it's strong manufacturing team and operational excellence. Team FPA executed the perfect lighting for this workspace which helps their employees stay alert, creative and energized.
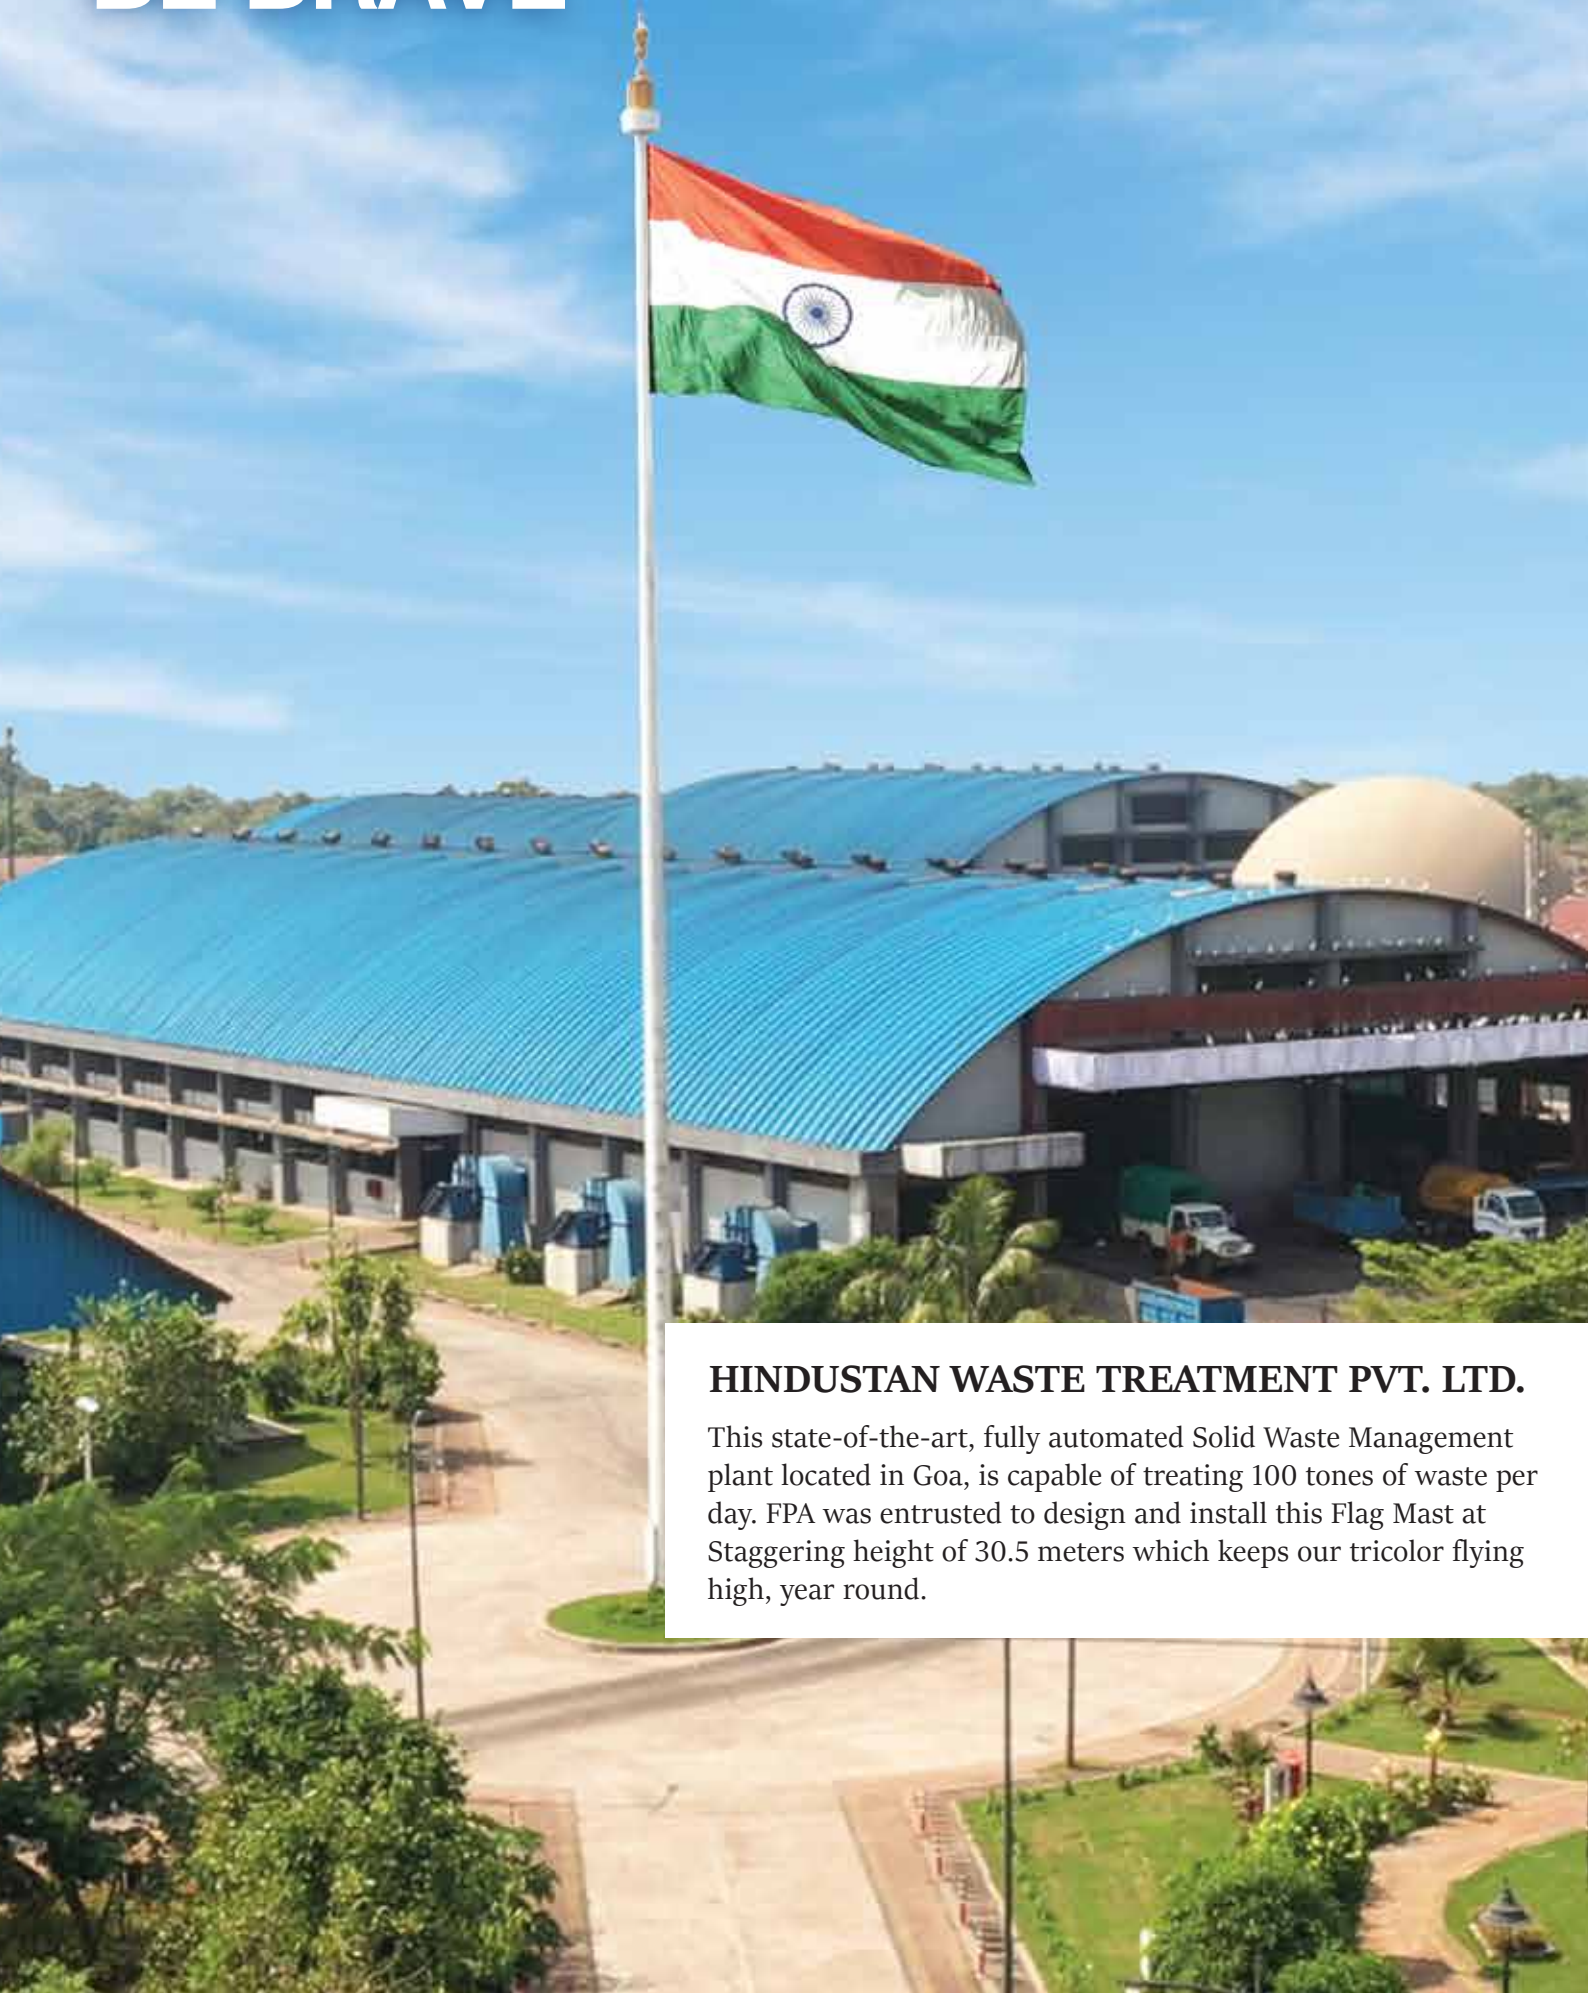

BE SECURED

SMART CITY

FPA played a crucial role in the installation of the city-wide fibre network, and we were also instrumental in the setup of the city-wide surveillance solutions that will help the city officials proactively address everything from crime prevention to emergency management in the city of Panjim, Goa.

FLAG MAST
BE BRAVE

HINDUSTAN WASTE TREATMENT PVT. LTD.

This state-of-the-art, fully automated Solid Waste Management plant located in Goa, is capable of treating 100 tones of waste per day. FPA was entrusted to design and install this Flag Mast at Staggering height of 30.5 meters which keeps our tricolor flying high, year round.
